Run payroll

Show another month
September 2026 Show

Working days are every day of the month except Sundays and the holidays on the academic calendar.

A day marked absent in staff attendance is a loss-of-pay day; a half day counts as half. Days on approved leave are paid.

Provident fund is the percentage of basic pay entered for each person.

Arjun Naidu	26/26	₹94,766	₹7,124	**₹87,642**	Payslip →

Revaluation

Re-check requests from students, and grace marks for results already published

Waiting for a decision	Marks revised	No change	Passed with grace marks
1	0	0	0

Probability & Statistics BTCSE401

Waiting

Sai Singh · 24BTCSE002 · BTCSE 2024-A · 2025-26 Even Semester

Question 6(b) was answered on the last page of the booklet and seems not to have been marked.

End-semester marks **45/60** · total **83.3** · grade **A+**

Re-checked marks (of 60) | Note to the student (optional) | Record | Reject

45

Grace marks

Moderation for a published course: students who failed by a few marks get just enough end-semester marks to pass.

Course

BTCSE201 · BTCSE 2025-A · 2025

Up to how many marks

3

Apply grace marks

Each student gets the fewest marks needed, never more than the limit. The grace given is kept on the result.

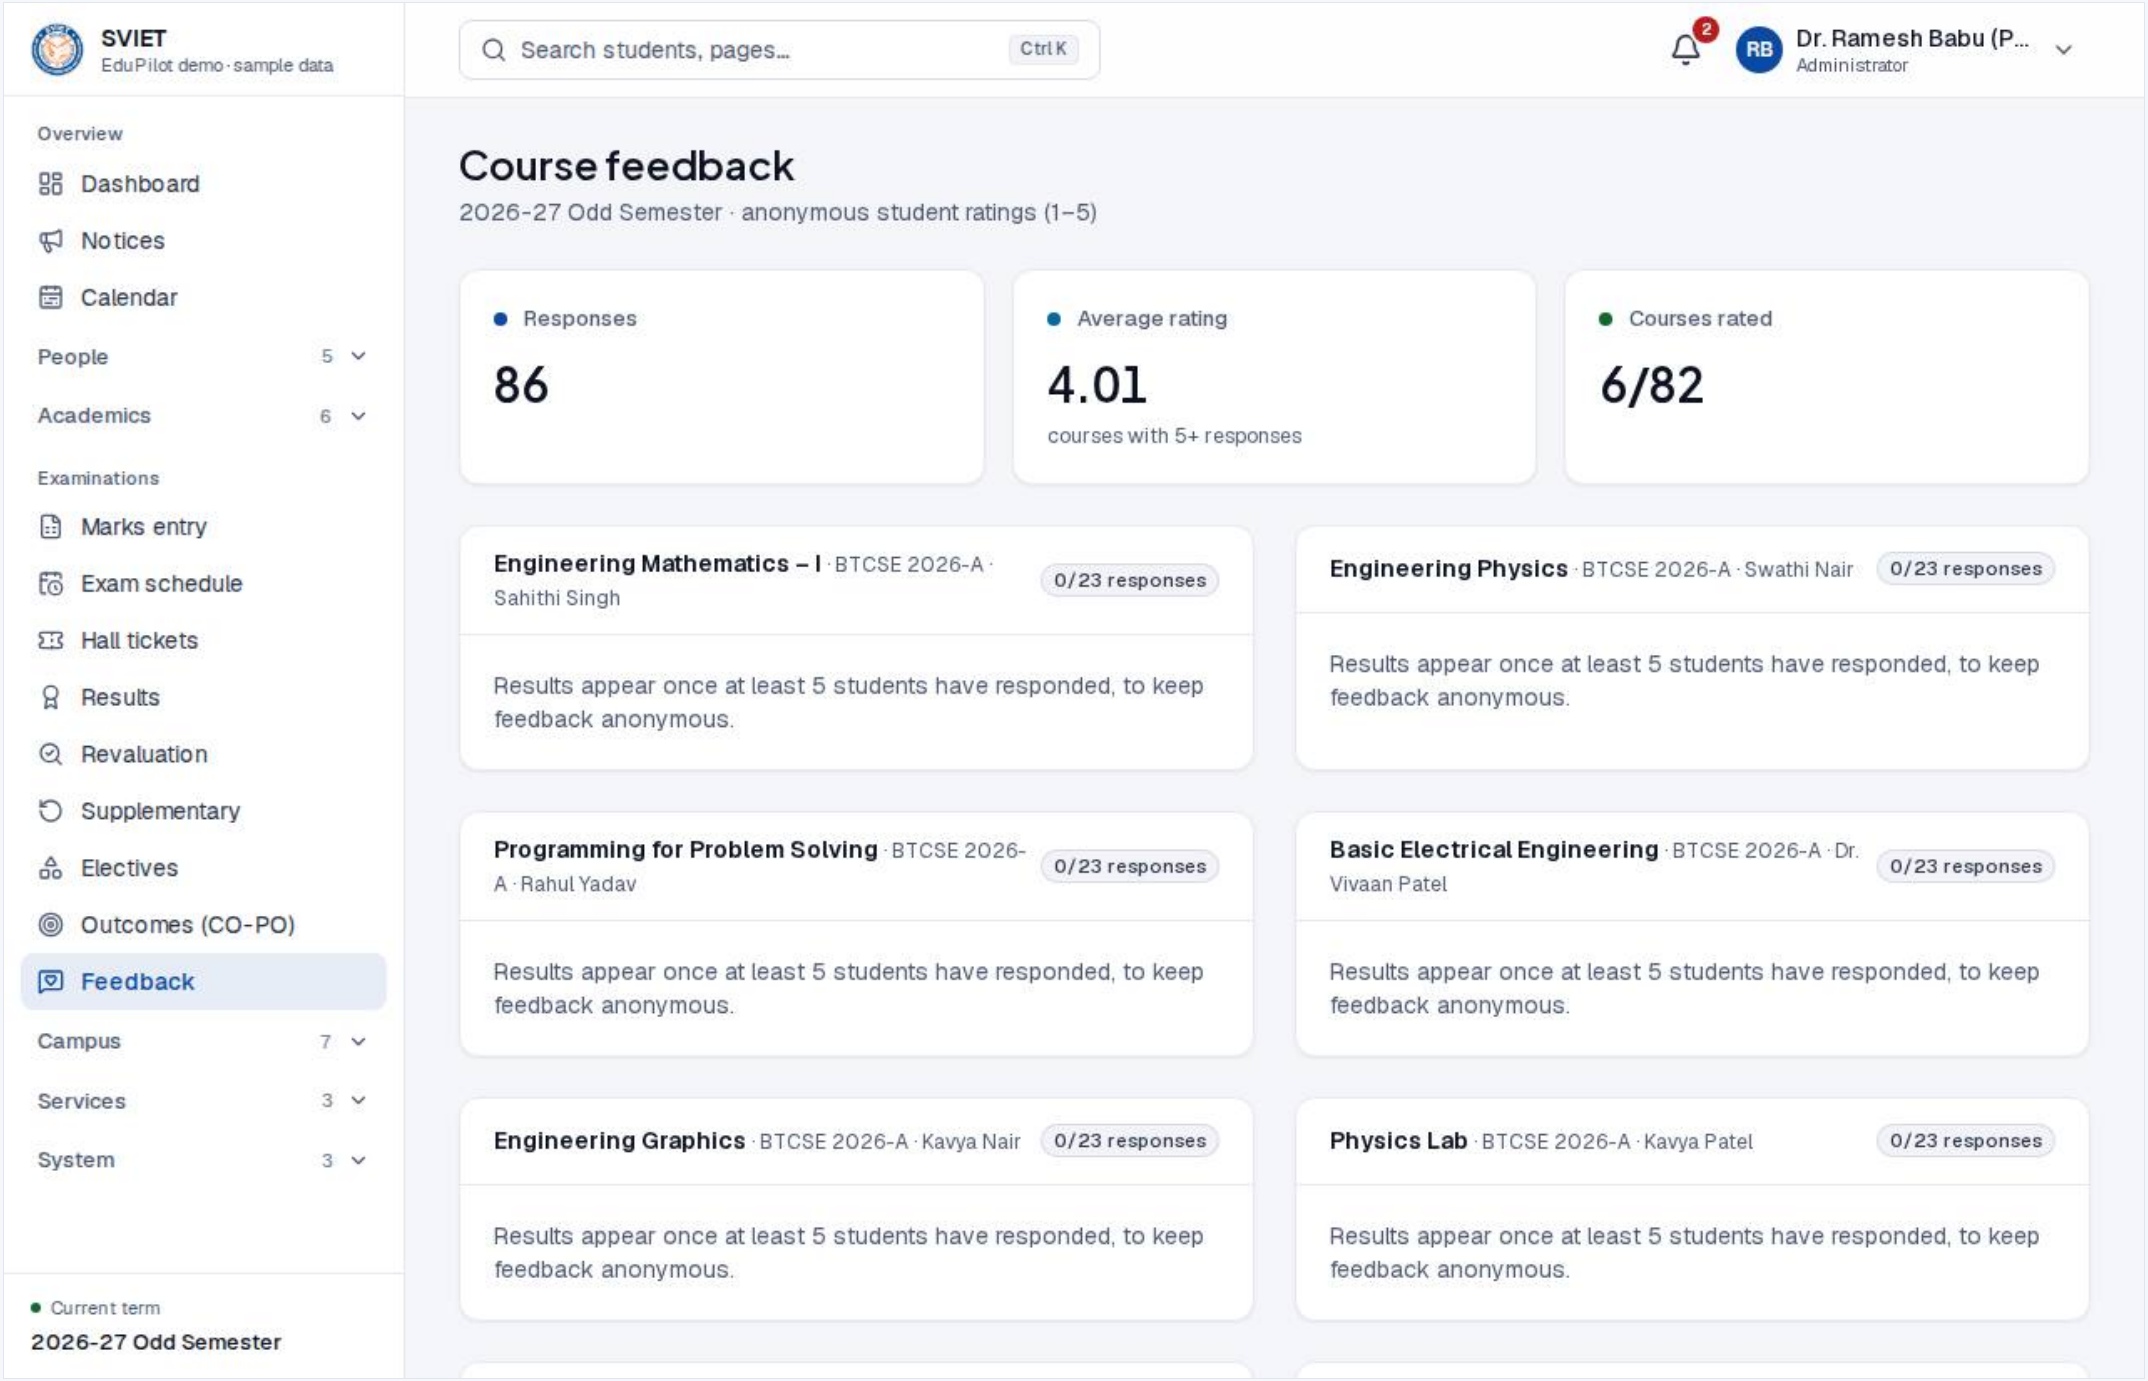
Course feedback (1 of 5)



Course feedback (2 of 5)

Discrete Mathematics · BTCSE 2025-B · Rahul Yadav — 0/24 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Discrete Mathematics · BTCSE 2025-A · Kavya Patel — 0/28 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Object Oriented Programming · BTCSE 2025-B · Dr. Vivaan Patel — 0/24 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Object Oriented Programming · BTCSE 2025-A · Kavya Patel — 0/28 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Digital Logic Design · BTCSE 2025-B · Kavya Nair — 0/24 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Digital Logic Design · BTCSE 2025-A · Rahul Yadav — 0/28 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Computer Organization · BTCSE 2025-B · Kavya Patel — 0/24 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Computer Organization · BTCSE 2025-A · Dr. Vivaan Patel — 0/28 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Database Management Systems · BTCSE 2025-B · Aarav Joshi — 0/24 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Database Management Systems · BTCSE 2025-A · Kavya Nair — 0/28 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Course feedback (3 of 5)

OOP & DBMS Lab · BTCSE 2025-A · Kavya Patel — 0/28 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

OOP & DBMS Lab · BTCSE 2025-B · Aditya Varma — 0/24 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Computer Networks · BTCSE 2024-B · Sahithi Singh — 0/22 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Computer Networks · BTCSE 2024-A · Kavya Patel — 4.12 / 5

12 of 28 students responded.

▶ Comments (2)

Compiler Design · BTCSE 2024-A · Dr. Vivaan Patel — 4.02 / 5

10 of 28 students responded.

▶ Comments (2)

Compiler Design · BTCSE 2024-B · Swathi Nair — 0/22 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Course feedback (4 of 5)

Artificial Intelligence · BTCSE 2024-B · Rahul Yadav — 0/22 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Artificial Intelligence · BTCSE 2024-A · Kavya Nair — 4.00 / 5

Explains concepts clearly	3.9
Is punctual and regular	3.9
Covers the syllabus on time	4.3
Encourages questions and doubts	3.9
Overall effectiveness	4.1

16 of 28 students responded.

▸ Comments (5)

Web Technologies · BTCSE 2024-B · Dr. Vivaan Patel — 0/22 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Web Technologies · BTCSE 2024-A · Kavya Patel — 4.01 / 5

Explains concepts clearly	4.0
Is punctual and regular	4.1
Covers the syllabus on time	4.1
Encourages questions and doubts	3.9
Overall effectiveness	3.9

14 of 28 students responded.

▸ Comments (2)

Cloud Computing · BTCSE 2024-B · Kavya Nair — 0/22 responses

Results appear once at least 5 students have responded, to keep

Cloud Computing · BTCSE 2024-A · Aarav Joshi — 3.98 / 5

Explains concepts clearly 4.1

Course feedback (5 of 5)

Results appear once at least 5 students have responded, to keep feedback anonymous.

Is punctual and regular 4.1

Covers the syllabus on time 3.9

Encourages questions and doubts 3.6

Overall effectiveness 4.1

17 of 28 students responded.

▶ Comments (5)

Networks & Web Lab · BTCSE 2024-B · Kavya Patel — 0/22 responses

Results appear once at least 5 students have responded, to keep feedback anonymous.

Networks & Web Lab · BTCSE 2024-A · Aditya Varma — 3.93 / 5

Explains concepts clearly 4.1

Is punctual and regular 3.6

Covers the syllabus on time 3.6

Encourages questions and doubts 4.0

Overall effectiveness 4.3

17 of 28 students responded.

Set up a new college, step by step

Users | College setup | Branding & settings | Rules | Email outbox | Audit log | System health

9/9

Setup is complete

Every part of the college structure is in place. You can still import more rows here at any time; existing rows with the same code are updated, not duplicated.

College details
Sri Vasavi Institute of Engineering & Technology

Name, logo, address and principal. These print on every receipt, hall ticket and certificate.

Open branding

Departments
5 departments

The branches of the college, such as CSE or Mechanical.

Add one by one

Import departments from a spreadsheet — Show

Programmes
8 programmes

The courses each department offers: Diploma, B.Tech, M.Tech.

Add one by one

Import programmes from a spreadsheet — Show

Administration › College setup (2 of 3)

Academic term 5 terms

The current semester's dates. Attendance, timetable and dashboards all follow it.

Add the term

Batches and sections 17 batches

Each admission year and section of a programme, with the semester it is in now.

Add one by one

Import batches from a spreadsheet — Show

Curriculum 213 subjects

Every subject with its semester, credits, hours and marks split.

Add one by one

Import curriculum from a spreadsheet — Show

Faculty 32 teachers

Teachers and their departments. Each one gets a login.

Add one by one

Import faculty from a spreadsheet — Show

Fee structures 27 structures

The fee heads for each programme and year of study.

Add one by one

Import fee structures from a spreadsheet — Show

Administration › College setup (3 of 3)

Students 424 students

Import each batch from the admissions list. Every student gets a login.

Students are imported batch by batch on their own page, because each file belongs to one batch.

Import students

After setup: generate this term's courses and assign teachers under Academics → Course allocation, build the timetable, and set your university's rules.

Your university's regulations: attendance, pass marks and grades

Users | College setup | Branding & settings | Rules | Email outbox | Audit log | System health

Attendance

Required attendance (%): 75

Condonation allowed down to (%): 65

A student at or above the required percentage gets a hall ticket. Between the two figures, a hall ticket needs an approved medical leave (condonation). Below the lower figure the student is detained. Set both to the same number if your university has no condonation.

Passing a subject

Minimum total to pass (%): 40

Minimum in the end-semester exam (%): 35

Both must be met. The second is a share of the end-semester marks only; enter 0 if your university has no separate minimum for it.

Promotion and placements

Detain when active backlogs are more than: No limit: promote everyone

Placement drives are open to: Pre-final and final year

What changes when you save

Straight away: dashboards, the shortage report, attendance badges, reminder messages and hall-ticket eligibility.

From the next publish: grades, pass or fail, SGPA and CGPA for results that are not yet published.

Not changed: results already published. Republish a course to apply new rules to it.

When a batch is promoted, students over the backlog limit are listed as "detain" and you confirm each one before anything changes. Leave it empty to promote everyone.

Grade scale

Standard 10-point

Grade	From (% of total)	Grade points
O	90	10
A+	80	9
A	70	8
B+	60	7
B	55	6
C	50	5
P	40	4
F	0	0

One row per grade, in any order. The row starting at 0% is the fail grade and carries 0 points. Leave a row empty to remove it.

Backups, errors, email and storage

Users | College setup | Branding & settings | Rules | Email outbox | Audit log | System health

Last backup
None yet
run npm run db:backup

Errors needing a look
0
0 seen in the last 24 hours

Database size
62.1 MB
83 tables

Email
Not set up
messages stay in the outbox

Server errors

No errors recorded
When a page or action fails on the server it is listed here, with how often it has happened.

Backups

No backup files were found in the backups folder.

There is no backup from the last two days. In production the backup service writes one every night and keeps the newest 14. Set BACKUP_MIRROR_DIR so a second copy lands on another disk.

Housekeeping

Daily jobs
20 Oct, 12:06 pm · late fines: 173 invoices updated; removed 0 old sign-in records and 0 reset links; backup: off

Administration › System health (2 of 2)

Year-end archive
Download every record as one compressed file (JSON, one list per table). Passwords, photos and uploaded files are left out. To move to another server, use a database backup with `npm run db:restore`.

Error reporting
Every server error is recorded here. Raise a test error to see it work, then come back to this page.

Online payments
Using the built-in test checkout (no Razorpay keys).

Revaluation

Ask for an end-semester paper to be re-checked. If the marks change, your grade, SGPA and CGPA are updated automatically.

My requests

No requests yet

Choose a subject on the right if you think a paper was marked wrongly.

New request

Subject

OS & Algorithms Lab · 34/50 · A+

Why should it be re-checked?

e.g. Question 4 was answered in full but appears unmarked.

Send request

One request per subject. Marks can go up or down.
