Water cooler on the 2nd floor is not working

Hostel · raised by Harsha Singh · 14 Oct, 11:44 am

Open | Assign | Resolve

HS

Harsha Singh · Student · 24BTCSE005 · 14 Oct, 11:44 am
The water cooler near room 204 has been out of order for three days. Students on the floor are walking down to the ground floor for drinking water.

LP

Lakshmi Prasad · Office Staff · 14 Oct, 2:10 pm
Thanks Harsha — I've raised it with the maintenance contractor. A technician is scheduled for tomorrow morning.

HS

Harsha Singh · Student · 24BTCSE005 · 15 Oct, 6:02 pm
Technician came but said a part needs replacing. Any idea how long?

Your university's regulations: attendance, pass marks and grades

Save rules

Users | College setup | Branding & settings | Rules | Email outbox | Audit log | System health

Attendance

Required attendance (%): 75

Condonation allowed down to (%): 65

A student at or above the required percentage gets a hall ticket. Between the two figures, a hall ticket needs an approved medical leave (condonation). Below the lower figure the student is detained.

Detained < 65% | Condone | Eligible ≥ 75%

What changes when you save

Straight away: dashboards, the shortage report, attendance badges, reminder messages and hall-ticket eligibility.

From the next publish: grades, pass or fail, SGPA and CGPA for results that are not yet published.

Not changed: results already published. Republish a course to apply new rules to it.

Passing a subject

Minimum total to pass (%): 40

Minimum in the end-semester exam (%): 35

Both must be met. The second is a share of the end-semester marks only; enter 0 if your university has no separate minimum.

Grade bands

O	A+	A	B+	B	C	F
≥ 90% · 10	≥ 80% · 9	≥ 70% · 8	≥ 60% · 7	≥ 50% · 6	≥ 40% · 5	≥ 0% · 0

Promotion and placements

Detain when active backlogs are more than: No limit: promote everyone

Placement drives are open to: Pre-final and final year

Eligibility on each drive can be tightened further by the placement cell.
